**071403 Resolution** **Barbara J. Jordan**

RESOLUTION RELATING TO OPA-LOCKA EXECUTIVE AIRPORT; DIRECTING COUNTY MAYOR OR HIS DESIGNEE TO ENTER INTO NEGOTIATIONS WITH THE CARRIE MEEK FOUNDATION, INC., FOR A DEVELOPMENT LEASE AGREEMENT INVOLVING PREMISES FORMERLY LEASED TO THE OPA-LOCKA COMMUNITY DEVELOPMENT CORPORATION; FINDING AND DETERMINING THAT SUCH PREMISES CONSTITUTE AN AIRPORT FACILITY PERMITTING A DEVELOPMENT LEASE AGREEMENT TO BE NEGOTIATED FOR SUCH PREMISES; AND DIRECTING COUNTY MAYOR OR HIS DESIGNEE TO RETURN TO THIS BOARD FOR APPROVAL OF THE NEGOTIATED DEVELOPMENT LEASE AGREEMENT

*The motion that this matter be Forwarded to BCC with a favorable recommendation failed.*

**Mover: Rolle**

**Seconder: Diaz**

**Vote: 2-2**

**No: Gimenez, Sosa**

**Absent, OCB: Heyman**

**Report:** *Assistant County Attorney Abigail Price-Williams read the foregoing proposed resolution into the record.*

*Commissioner Jordan, sponsor of the foregoing proposed resolution, explained that this resolution requested the County Mayor or his designee to enter into negotiations with the Carrie Meek Foundation, Inc. for the premises made available at Opa-locka Executive Airport due to the lease termination on April 20, 2007, with the Opa-locka Community Development Corporation (CDC), based on the conditions and goals of the original lease.*

*Commissioner Sosa questioned if the County Commission had previously recommended a lessee for a lease agreement. She expressed concern that this proposed resolution would direct the Opa-locka Executive Airport to enter into negotiations with a specific Community Based Organization (CBO).*

*In response to Commissioner Sosa, Mr. Miguel Southwell, Assistant Aviation Director for Business Development, Aviation Department, said this lease agreement was a revenue generating item, but he was unsure how much revenue would be generated.*

*Commissioner Sosa asked Mr. Southwell to provide a report reflecting how much Stagecoach, Falcon Trust Air, Renaissance Aviation, Lacross Aviation, UPS, and FedEx, paid for their leases at the Opa-locka Executive Airport; including the amount of acreage and the rate (per square foot)*

*paid by each company.*

*Following Commissioner Jordan's explanation that the intent of this proposed resolution was to provide jobs to the community and development at the airport by a not-for-profit organization that could pay rent, Commissioner Gimenez asked why the same terms from the terminated lease needed to be used for this agreement.*

*Commissioner Jordan clarified that the same terms referred to the following goals:*

- 1. To achieve a viable economically successful Airpark on the designated 294 acre site in the Opa-locka Airport Master Plan;*
- 2. To achieve maximum job entry opportunities for the Black Community of Northwest Dade (Opa-locka, Liberty City, Bunch Park, etc.);*
- 3. To achieve maximum opportunities for Black upward mobility;*
- 4. To achieve maximum opportunities for Black entrepreneurship; and*
- 5. To focus on labor intensive uses.*

*Commissioner Jordan noted the fiscal aspects would be part of the negotiations and she pointed out that the County Commission had asked departments to consider specific lessees for other lease agreements.*

*Commissioner Gimenez clarified that this proposal directed the County Mayor to negotiate. He noted that the Carrie Meek Foundation, Inc. and other CBOs were aware of this opportunity and could contact the airport to negotiate, which was the normal process.*

*Responding to Commissioner Rolle's concern that the new lease agreement would have the same financing obstacles as the Opa-locka CDC agreement, Mr. Southwell clarified the major financing obstacle was the 40 year term for the \$150 million lease and a 50-55 year term would have been better.*

*Commissioner Jordan noted the Committee would have to recommend approval of the lease agreement to the County Commission and Commissioner Rolle's concerns could then be addressed.*

*Following comments by Chairman Diaz, Commissioner Sosa expressed concern that the County Administration was aware of the financial obstacles in the Opa-locka CDC agreement and subsequently terminated that agreement, and*

*would enter into a new agreement without those obstacles in lieu of removing those obstacles from the Opa-locka CDC agreement.*

*Commissioner Sosa asked Assistant County Manager Ian Yorty to prepare a complete report on the terms of the agreement with the Opa-locka CDC and to include in this report, specific information on any knowledge the County Administration had on the CDC's ability or inability to secure financing to develop the property within the prescribed timeframe.*

*Following comments by Commissioner Gimenez regarding his preference that the airport follow the normal process to develop a lease agreement, Commissioner Jordan noted she had a list of over 12 private companies, plus a report from the Beacon Council of companies, who were unable to agree to the Opa-locka CDC's difficult demands for development. She pointed out that the Opa-locka CDC gladly accepted the financial terms of the former lease agreement.*

*Commissioner Rolle asked that the known obstacles from the Opa-locka CDC agreement not reappear in a new lease agreement.*

*Responding to Chairman Diaz, Assistant County Attorney Price-Williams stated, for the record, that this proposed resolution asked the Committee to take action that had been taken before and was legally acceptable.*

*Discussion ensued regarding the process that would be used to develop the terms of the new lease agreement and the process that the Aviation Department should use to enter into a lease agreement.*

*Following further discussion, it was moved by Commissioner Rolle that this proposed resolution be forwarded with a favorable recommendation. This motion was seconded by Chairman Diaz, and upon being put to a vote, failed 2-2 (Commissioners Gimenez and Sosa voted "no") (Commissioners Martinez and Heyman were absent).*

*Chairman Diaz explained that he supported this proposed resolution because of the five goals and the character of the Carrie Meek Foundation, Inc. He expressed concern that this proposal would have set a new policy of the County Commission recommending a specific entity.*

*Commissioner Sosa clarified she had no problems with the Carrie Meek Foundation, Inc. She explained that she did not support this proposal because it would set a precedent that the County Commission could recommend lessees for lease agreements and noted the potential problems that precedent would have on Miami International Airport.*

*Commissioner Gimenez explained he did not support this proposal because he did not wish the Commission to start directing who received lease agreements with the County. He noted that he supported the five goals and would support the Carrie Meek Foundation, Inc. if that entity was selected through the normal lease agreement process.*

*Forwarded to BCC with a favorable  
 recommendation*

*Mover: Sosa*

*Seconded: Gimenez*

*Vote: 4-0*

*Absent, OCB: Heyman*

**Report:** *Assistant County Attorney Price-Williams read the  
 foregoing proposed resolution into the record.*

*Commissioner Moss noted that he wanted the  
 name of the Florida Marlins changed to Miami  
 Marlins and the Marlins to move their Spring  
 Training to the Homestead Baseball Complex as  
 part of the agreement for the County to fund the  
 Marlins' new stadium.*

*Commissioner Moss noted, for the record, he was  
 misquoted in the May 17, 2007, "Miami Today."  
 He clarified that he did not call Homestead a  
 "sloppy, back water town" but said Homestead  
 was not the "sleepy, back water town" it was  
 viewed as in the past.*

*Following comments from Chairman Diaz,  
 Commissioner Sosa pointed out that the public  
 supported the new Marlins Stadium; that the  
 proposed name change would provide commitment  
 to the Miami area and it was appropriate  
 considering the County and the City of Miami  
 provided funds for the stadium but the State did  
 not. She asked Assistant County Manager Ian  
 Yorty to ensure that the County Manager and the  
 Mayor present to the Commission alternatives for  
 completing the deal to build the Marlins Baseball  
 Stadium and to hold the Marlins' spring training  
 in Homestead.*

*It was moved by Commissioner Sosa that this  
 proposed resolution be forwarded with a favorable  
 recommendation. This motion was seconded by  
 Commissioner Gimenez.*

*Commissioner Gimenez noted the cost of the  
 stadium had probably increased hundreds of  
 millions of dollars while waiting for State funds.  
 He said he preferred a downtown location for the  
 stadium and he thought the Orange Bowl was a*

*viable location.*

*Following comments by Chairman Diaz that the stadium would be funded by hotel and sports taxes and negotiations would soon be underway for a Fisher Cut Bay site, Commissioner Gimenez emphasized and clarified that the revenue used for the stadium could not be used for other purposes.*

*Commissioners Gimenez and Sosa asked to be listed as co-sponsors.*

*Hearing no other questions or comments, the Committee proceeded to vote.*

071472 Report

MIAMI-DADE AVIATION DEPARTMENT CAPITAL  
IMPROVEMENT PROGRAM REPORT

*Presented*

**Report:** *Mr. Jose Abreu, Director, Aviation Department, provided an overview of the Capital Improvement Program (CIP). He noted that the County would save \$21 million with the better than expected pricing and interest rate on the Bond Offering in New York; the pricing of insurance was 25-50% below what was expected; checkpoint E was opened two weeks ahead of schedule and the County saved \$200,000, by utilizing in-house personnel. He pointed out the contract with Parsons/Odebrecht Joint Venture (POJV) that would grant a Notice to Proceed was placed on the May 22, 2007 Commission Agenda for approval, and emphasized the importance of that contract being adopted.*

*Mr. John Cosper, Deputy Director, Aviation Department, noted smoke evacuation testing in the South Terminal started that week and explained that during the tests the department found some issues that needed to be resolved. He said the first flights out of South Terminal would be in August.*

*Responding to Commissioner Gimenez's question regarding how less demand for construction and lower prices for concrete and steel could benefit the County, Mr. Abreu explained the contract was a fixed sum total that would not change based on demand and material price.*

*In response to Commissioner Sosa, Mr. Abreu said the control panel test passed, with the exception of the smoke evacuation test; the inspections for the loading bridges and fuel line lateral for H-J paving had been done; and the first flight date would not be impacted by the modifications due to AHJ requests and the contractor's failure to reach milestones 5, 6, and 7.*

*Following comments by Chairman Diaz urging the committee members to tour the South Terminal, Commissioner Gimenez asked Assistant County Manager Ian Yorty to develop a process to expedite the permitting, the decision-making, and the inspections processes at the airport, similar to the process developed by the City of Miami. He*

*also asked that the County Manager identify a strike team and a point person who would be stationed at the airport and available on demand.*

*Following Mr. Abreu's comment that the County Manager had assigned Assistant County Manager Alex Munoz as the point person, Commissioner Gimenez asked that the point person stationed at the airport be identified at the assistant director level, rather than the director level.*

*Mr. Irving Fourcand, Director, Protocol & International Affairs, noted the number of protocol assignments had recently increased with the increased number of consulates in Miami. He said the protocol office was reviewing the Quality Support Manual to ensure the notification process was respected.*

*Chairman Diaz asked Mr. Fourcand to provide each committee member with a copy of the Quality Support Manual after revisions were complete. He also asked for a report with a breakdown of the Protocol lounges and ideas on how to improve the efficiency of Protocol, including the feasibility of having one Protocol office versus seven (7) satellite offices.*
